

Description

Rain Hood 4 (RH4) protects A series actuators against rain in outdoor installations.

RH4

Technical Specifications

| Description | RH4 |
|------------------------|---|
| Actuator Compatibility | All Neptronic A series actuators |
| Material | Stainless steel |
| Access | Removable top panel |
| Ingress Protection | IP 54 equivalent to NEMA Type 3 |
| Ambient Temperature | 0°F [-18°C] to +122°F [+50°C] |
| Dimensions |  <p> A = 5.87" 149 mm B = 8.05" 204 mm C = 5.59" 142 mm D = 6.37" 162 mm E = 5.09" 129 mm F = 9.79" to 11.29" 249 to 287 mm </p> |

CAUTION: Do not use product in cold weather where temperature is below 0°F [-18°C].

CAUTION: Rain Hood does not protect the actuators in corrosive and saline environments.

Installation
